

Get Paid Faster By Setting Up Direct Debit

Never chase a payment again.

B2Bpay Billers are able to set up direct debit payments for their business customers, allowing for a highly efficient payment process. A B2Bpay Biller can simply request that their customers or clients fill out an online form to authorise them to direct debit their credit card or bank account. Once a business has authorised this, B2Bpay Billers can log in to their B2Bpay Merchant Portal and set up regular automatic payments, and take one-off payments too.

Why Set Up Direct Debit?

Remove payment pains as a B2Bpay Biller

- **No more late payments.** Direct Debit allows you to collect funds automatically on payment dates.
- **Not just for fixed amounts.** Once a Direct Debit is in place, you can use it to collect one-off or recurring payments of any amount.
- **Control your cash flow.** You choose the dates you collect funds, meaning you'll be able to predict future revenue for your business.

Convenient for your customers

- **Quick, one-time set up.** Customers complete a simple online direct debit form, giving you authorisation to collect payments from them.
- **Flexible payments.** Choose payment schedules that work for each of your customers or clients.
- **Safety and security guaranteed.** Your customer's bank details are never stored by you and are completely secure.
